

TESS™ system prices valid from 1st January 2022.

Due to the current volatile materials market and increases in shipping costs we have been forced to increase our cost on TESS™ systems contained within this price list. We are continuing to monitor the markets and will adjust our prices if and when necessary.

INSTALLATION TRAINING

- TESS™ systems are technical products and installation must be supervised by an installer with appropriate GD training. A register of trained installers is held by GD.
- System installation without supervision by a GD trained installer invalidates the product warranty, and any after sales investigation/ rectification work will be chargeable.
- Training is available free of charge at our premises in Warwick, UK or via video call. Training is also available with reasonable notice at customer premises or on site, for a charge of £716/day plus expenses.
- As a general rule, one day of training is appropriate for each TESS™ system. Multi-day intensive training programs covering multiple systems can also be planned on request.
- For some territories, GD maintain a recommended subcontractor installer list. Please enquire for details.

PRODUCT WARRANTY AND TERMS AND CONDITIONS

- Guthrie Douglas warrants the goods against defective materials and faulty workmanship for a period of twenty-four months from the date of delivery. For full terms and conditions and product warranty please contact sales@guthriedouglas.com or download the relevant documents **here**.

TESS™ DIMENSIONS

- System width and system draw of a TESS™ system are measured from the outside of the brackets and return pulleys. Please refer to the corresponding installation drawing. Please click the link **here** to be redirected to our website: www.guthriedouglas.com.

SCOPE OF SUPPLY

- All prices exclude VAT and include the complete TESS™ system with mounting brackets, motor and instructions.
- This price list is valid for any projects with <= 10 systems. For larger projects, contact: sales@guthriedouglas.com.
- All prices include a choice of mounting brackets for different installation configurations. Datasheets with all details can be downloaded **here** from our website.

FABRIC

- All TESS™ system prices include a standard screen fabric from the Guthrie Douglas collection, available **here**.

Three Guthrie Douglas fabric types are available:

- Standard screen fabric
- Specialist screen fabric
- Blackout fabric

- Blackout fabrics and specialist screen fabrics are available for all systems at an additional cost. Details are shown on the individual price lists or in the options section on page 3.

- Fabrics are pre-fitted to the TESS™ system before delivery.
