

TESS™ SCREEN 3%

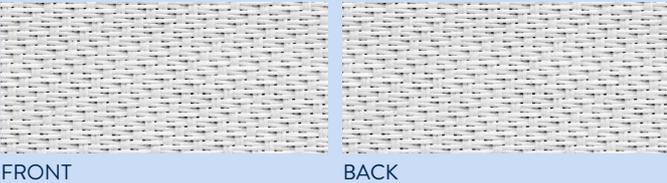

A high performance fibre-reinforced polymer coated composite fabric, for strength and stability under tension. The 3% openness factor provides low direct light transmission in all colourways and has good view through to the outside. This engineered material is woven and has the appearance of a textile.

This fabric provides glare protection as low as $4.4T_v$ and heat protection as low as $0.09g_{tot}$ (externally applied) or $0.35g_{tot}$ (internally applied), dependant on colour choice, as well as being fire rated to B1 (M1) European standard. Available in widths of 1600mm, 1800mm, 2050mm, 2500mm, 2850mm and 3200mm depending on colour – please enquire for more detail.

Fabric samples are available on request. Minimum handling charge of £50, delivered within 10 working days, and refundable on receipt of a purchase order for the project.
